dual protected port
for cross merchandising

redesigned key reader
with high sensitivity

numerous sensors
and accessories

premium accessories
for large brands

Phone and tablet kit

- Angled or flat positioning
- 4Way positioning with magnets
- Added support for tablets
- Claw available - extra mechanical protection

For phones and tablets we made the product more stable by adding an extra part that is removable: an outer ring for the holder. If needed, of course, our symmetrical Claw is available. With an allen key, the product can be locked down. The dual socket allows cross-merchandising and it makes the product 'Smarter'.

Smartwatch kit

• Universal - for all smartwatches
• Charging available (micro USB)
• Seconday flexible sensor for extra safety
• Cradle allows aesthetic display of watches

The well-known universal watch stand is available for SB-20, too. The cradle can be locked-down, and a secondary flexible sensor assures full protection. The socket can accomodate any short charging cables, for current watches it is mostly micro USB.

Camera kit (two versions)

- Stability through sensor
- Anti-twist clip (2 sizes)
- 2 sensor type: for small cameras and for DSLRs
- Additional socket for seconday sensor (for example, lens protection)

The all-new camera sensor offers variability: one sensor for smaller cameras, such as expensive MILC devices, and one sensor for larger DSLRs. Both sensors have an extra socket for additional protection or charging.

COB (connected objects) kit

- Dual socket (default feature)
- Top cover to blend into furnitures
- Any SB-20 cable can be used
- Ideal for cross-merchandising or protecting accessories

The COB kit is not only for securing two display devices at the same time.
It is a perfect tool to cross-merchandise your devices.

	P0620117	Universal watch secondary flexible sensor
	P0601591	Shunt plug (if no charging lead is used), white
	P0603219	Camera sensor cable (from unit to camera sensor), white
	P0603225	Camera lens secondary sensor (lens flexible sensor excluded)
	P0603182	Lens flexible sensor for camera secondary sensor

PSUs

Part #	Description
P0603106	PSU USB-A 5.2V/2A - EU plug
P0603195	PSU USB-A 5.2V/2A - AUS plug
P0603194	PSU USB-A 5.2V/2A - UK plug
P0603193	PSU USB-A 5.2V/2A - US plug
P0601600	USB-A power splitter for Apple OEM watch

## Adhesives and wipe

Part #	Description
P0620123	SB-20 small holder adhesive (for phones)
P0620122	SB-20 large holder adhesive (for tablets)
P0620121	SB-20 mounting plate adhesive
P0620096	COB sensor adhesive
P0620096	Camera lens secondary sensor adhesive
P0620119	Apple watch sensor adhesive
P0620126	DSLR sensor adhesive
P0601563	Alcohol wipe

Keys and tools

Image	Part #	Description
	P0601593	M2 Allen key (lock-down tool)
	P0603019	Wave key (locking main unit to wedge/mounting plate)
	P0600413	Camera sensor opener
		Shopguard key set
